THE LIVE STOCK MARKETS

CATTLE EASIER, THE DECLINE IN SOME CASES BEING TEN CENTS.

Hogs Irregular and Higher, the Advance Being Lost Later-Sheep Steady-Markets Elsewhere.

UNION STOCKYARDS, INDIANAPOLIS, Jan. 13.-Cattle-Receipts, 650; shipments, 150. The marketing of cattle thus far this week shows a tecrease of about 300 compared with the same time last work and over 500 compared with the corresponding time a year ago. The receipts to-day were over 400 smaller than a week ago and only about one-half as large as a year ago. Notwitistanding there was quite a falling off in the receipts the market opened with only fair competition between buyers, and the tendency was weaker. There was just a fair demand from outside sources, and local buyers were quoting the unfavorable conditions elsewhere yesterday, so that it was more or less difficult to consummate sales.* Finally, however, the offerings were changing hands at weak to a shade lower prices generally, but there were a few who believed the market was practically steady, compared with the close of last week. The decline in some cases for butcher stock was considered 10c, but the quality to-day was not of as high standard, and this, of course, would give prices a weaker appearance. There was practically no competition for heavy steers, and few of that description were selling at the start. At the close a good clearance of all kinds had been made. Quota-

in Eastern markets there was a strong demand from that quarter to-day, and the opening here was characterized by lively bidding, and sellers, of course, took advantage of the conditions to advance prices. They had good quality to offer, which was very attractive to buyers, and this of itself no doubt added some strength to the market. Transactions at the start were anywhere from 5c to 10c higher than yesterday, with the good weight hogs showing the most strength, and a good percentage of the supply found an outlet on that basic. Local packers refused to follow the pace set by shippers, and after the more important orders had been executed there was naturally a weaker feeling developed in the market. Subsequent sales indicate that practically all of the early gain in prices had been lost. The leading local packers bought only about 600, and the market closed quiet, with a few loads re-maining unsold. Sales ranged from \$6.25 to \$6.95.

and the bulk of the supply sold at \$6.40@6.75. Mixed and heavy packing lood to choice light weights common to fair light weights...... 6.10@6.25 toughs and stags 5.50@6.30 Sheep-Receipts, 150; shipments small. For the

week thus far the receipts of sheep and lambs have been small, showing a decrease of 100 compared with the same time last week and over 300 compared with the corresponding time a year ago. The receipts to-day were over 100 smaller han a week ago and 400 smaller than a year ago. The supply was not large enough to interest all buyers, consequently there was no very urgent competition, but the trading was as active as might have been expected. Prices, considering quality, were fully as high as those current at the close of last week, and in sympathy with other places the market is inclined to be a shade The best lambs are salable as high as \$6, but there are not a great many coming that are good enough to bring over \$5.50. Sheep are salable as high as \$4, but there are not many old sheep coming that are good enough to bring over \$3.50. A good clearance was made, and the market closed steady at quotations:

Good to choice lambs......\$5.25@6.00 ommon to medium sheep 2.25@2.75 tockers and feeding sheep 2.60@3.00 Horses-There is a liberal run of horses here this week, the principal attraction being the special sale of the Warman-Black-Chamberlain Com-

pany, which began this morning at 9 o'clock. For this sale alone around 700 horses have been received, including high class, chunks, drafters and light harness horses. Some of the arrivals are indeed of superior make up, and, of course, it was expected they would command prices considerably above the average for regular sales. The attendance of buyers is all that could have been expected, there being representatives from practically all of the leading horse centers in this country, as well as many from foreign mar-kets. The auction to-day was characterized by rather lively bidding, and sales for the most part were up to expectations, but prices were not altogether satisfactory from the fact that shippers had been forced to pay extravagant figures in the country, and on some of the highest priced grades the smallest profit was realized. Draft horses were good enough to fetch \$250, but only those that could be described as "crackerjacks" were salable above \$200, and a large proportion of the good heavy chunks sold from \$125 to \$160. It must be remembered, however, that practically all of these horses was in some reoffered, and they will be sold later in the week. It is expected to continue the sale to-morrow afternoon, and it will probably be finished on

Transactions at the Interstate Yards. INTERSTATE STOCKYARDS, INDIANAPO-LIS, Jan. 13.-Cattle-Receipts light; shipments none. The feeling continues weak in the cattle market and the only grades that are considered steady at prices current at the close of last week are the best butcher cattle. The demand for such is fair, but the outlet for common and medium grades is small indeed. The calf market is firm, with the best quoted up to \$8. Quo-

Plain fat steers, 900 to 1,150 lbs....... 3.756 Choice feeding steers, 1,000 to 1,100 lbs... 4.256 Hogs—Receipts small; shipments none. The market is still advancing, to-day's quotations being 5c to 10c higher than vesterday. Conditions are satisfactory, the local demand is steady and reliable. Choice heavy hogs are quoted at \$6.75@6.85, the highest figures for three months. The best light grades are quoted at \$6.35@6.50. The market closed quiet and steady at quotations:

INSUFFICIENT

EARLIER HEAVINESS IN STOCKS. Speculative Public Slow to Take Hold of the Market-Foreign Exchange

Situation Is Very Disquieting.

NEW YORK, Jan. 13.-The stock market made a further reaction to-day and was heavy to weak during most of the session, but made some recovery during the last hour and closed irregular. The heaviness of the market had no better explanation than yesterday.

Money advanced from 41/2 per cent. at the opening to 5 per cent., but no difficulty was experienced in getting it, and little attention seemed to be paid to the money situation by operators in stocks. This was not true, however, of the foreign exchange market, and the anxiety felt in regard to that development was due, of course, to the probable effect on money. Sterling exchange was in quite strong demand to-day in spite of yesterday's heavy engagements of grain for export and good hopes of a continuance of this outgo. London's operations in stocks here were not on a large scale and did not influence exchange. It is believed that some bills are about maturing that represent borrowings abroad for New York account during the money stringency here last month. There is a likelihood also that there is some accumulation of exchange to provide payment for French rentes, for which there is said to be some present demand on account of the American insurance companies. The effect in Berlin yesloan was duplicated in London to-day by the expectation of an early announcement of a Transvaal loan. These government operations are probably the true explanation of the hardening of foreign money rates, and it is believed that our obligations to foreign money centers are still sufficient to permit them to draw gold from us in

This prospect would have a natural tenreactically all of these horses was in some re- | dency to check wholesale commitments in spects better than those usually found in regular | speculation for a rise in New York, but | \$1,975,267. the general public to last week's considerable and inviting rise served to admonish the managers of the advice that little was to be hoped for yet from the public in the way of absorbing securities which still re-main in the hands of syndicates and promoters. Renewed strength in Erie and St. Paul this morning and vigorous supprt of Reading seemed to be designed to reassure speculative sentiment, but when it was per-ceived that advantage was being taken of this sustaining influence to effect large selling of Rock Island the selling was renewed throughout the list and there was no important recovery until the last hour, when Manhattan was lifted two points over last night and Erie was run up again to the top level of the morning. Contributory causes to the heaviness were the steps taken in Congress to investigate the coal supply, fears of damage to earnings of railroads by snow blockades and broad intimations that no immediate dividends are to be expected on Colorado Fuel. Practically all leading stocks were a point or more below last night at one time, and not all of them fully recovered on the late rally. Bonds were moderately active, but were irregular. Total sales at par value were \$2,070,000. United States twos, old fours and fives advanced ¼ per cent., while the threes, coupon, declined ¼ and the new fours, coupon, % per cent. on the last call. Following are the day's share sales and the recorded price changes:

Treasury Statement. WASHINGTON.—Tuesday's statement of the treasury balances in the general fund, exclusive of the \$150,000,000 gold reserve in

the division of redemption, shows: High- Low- Closing Manipulation Works Both Ways.

[A. R. Thompson & Co.'s Telegram.] NEW YORK, Jan. 13 .- The bulls ask what is causing declines? The bears, what is putting market up? It is manipulation. Some special stocks are higher to-night than last night, but most of the standard issues are lower. The changes were so rapid to-day it was useless to put out an opinion. The wise ones said as little as

HEAVY EXPORTS OF GRAIN

WHEAT AND CORN SHOW A FOREIGN DEMAND.

Result Is Higher Prices in All Grain Pits-Provisions Dull at Small Mixed Changes.

CHICAGO, Jan. 13 .- There was a good trade in wheat to-day and the market was strong on decidedly bullish news, May closing %c higher. Corn was 1/2c and oats 1/201/4c higher. Provisions were barely steady and May closed from a shade higher

There was good buying of May wheat by some of the strongest people in the trade, with the most prominent long taking on considerable. Part of the buying was for Southwestern account, chiefly St. Louis, and shorts also were good buyers. The selling was mainly by local traders, and offerings were so free that the upward tendency of prices was checked materially. There was a fair demand from the Northwest, but the strength in corn was the principal bull factor. Small clearances and favorable weather were bear factors. May opened a shade to 1/2 higher, at 75% to 75%@76, and advanced gradually to 76% @76%c, where it closed with a gain of %c. Clearances of wheat and flour were equal to 344,000 bu and thirty boat loads were reported taken for export. Primary receipts were 548,000 bu, against 557,-000 a year ago. Minneapolis and Duluth reported receipts of 327 cars, which with local receipts of 70 cars-one of contract grade-made a total of 397 cars, against 434 last week and 479 a year ago. Corn ruled active and strong, the strength abroad having a stimulating effect here. There was a big trade in May, around 44c,

but free offerings by commission houses and by small longs retarded the upward movement. A big export demand was the chief strengthening influence, there being over a hundred boatloads reported taken for shipment. The close was strong and at the top for May, at 44%c, with a gain of %c, after ranging between 43%@43%c and 44%c. Receipts were fair—585 cars—none of contract grade.

Oats were fairly active and the market

was firm, strength in other grains being a help. Commission houses sold on the advance, the bulk of the offerings being taken by scalpers. A fair cash demand was also a supporting factor. The close was firm, with May 1/6 1/4c higher, at 34% @35c, after selling between 34% and 34% @35c. Receipts were small, 206 cars, and a still further falling off is anticipated. Provisions were quiet, but held remarkably steady in view of the decline in hogs. A little selling by pit traders caused an easier feeling in pork and lard, but ribs held steady. May pork closed 5c lower at \$16.2714. lard down 5c at \$9.471/2 and ribs a shade higher at \$8.95@8.971/2. Estimated receipts for to-morrow: Wheat 30 cars; corn, 185; oats, 105; hogs, 43,000 head

Leading futures ranged as follows: Articles. Low-Wheating. est. est. ing. July ... Corn-Jan May ... July 34% 31% -31% Pork-16.25 16.2736 Jan . May July 9.45 Ribs-8.771/2 Cash quotations were as follows: Flour steady

Changes in Available Stocks.

NEW YORK, Jan. 13.-Special telegraph and cable communications received by Bradstreet show the following changes in available supplies, as compared with last account: Wheat in the United States and Canada east of the Rockies, an increase of 302,000 bu; affoat for and in Europe a decrease of 3,900,000; total supply, a decrease of 3,598,000. Corn, an increase of 484,000 bu. Oats, a decrease of 172,000 bu. Among the more important increases are those of 555,000 bu in Manitoba, 100,000 at Nashville and 51,000 at St. Joseph. The leading decreases are those of 400,000 bu at Northwestern interior elevators, 230,000 at Portland, Me., 150,000 at Port Huron, 74,000 at Burlington and 50,000 at Depot Harbor.

LOCAL WHOLESALE TRADE

A REPRESSIVE FACTOR. Prices Continue Strong in Nearly A

Lines-Good Butter Scarce and

COLD WEATHER STILL OPERATES AS

High-The Cereal Market. Seldom is there a time when it is more difficult to cite something new regarding the local markets than at present. Flour, which last week was a little easier, is again

firm at former prices, and the feeling is that the present strong condition may lead to an advance. The unsettled and uncertain conditions in wheat cause the firmer tone in flour. Wholesale grocers report coffee moving freely at unchanged prices, roasted grades being most in demand. All grades of refined sugar were advanced 10 roints at New York yesterday. Navy beans are very firm at the recent advances. Canned goods are moving more freely, but prices are practically the same, indications of higher figures having passed over. There have been few changes in the produce market. Buyers are slow in taking hold while such cold weather prevails and are allowing stocks to run low. Milder weather doubtless would improve conditions. Pota-toes and apples rule much the same as for fectioners' A, 5.12c; 1 Columbia A, 5.62c; 2 er. Cabbage is weak. Florida tomatoes sell slowly, as prices are too high. Oranges are in good supply and prices easy. Lemon receipts are equal to the demand, which is very light at this season. Butter rules steady at the high prices prevailing. There is said to be but a moderate supply of the best grade of creamery and the general situation throughout the country does not indicate any reduction in prices for the present. Cheese, which is very firm, threatens to be further advanced. Eggs are slow movers, with quotations unchanged. There is a strong pressure to sell storage stock, as holders are anxious to dispose of them before additional charges accrue, and in the Eastern markets concessions are offered to cause quicker movement. Poultry is in light receipt and quotations are high-er, but arriving stock is readily disposed of. Provisions are moving rapidly, espe-cially hams, which condidtion causes a firmer tone. Dry goods houses report trade improving slightly. Several changes were made in some lines of goods on Monday, which cover the present conditions of that having a quiet trade, but look for improvement within a few days. Other lines are

without new features.

Local Grain Market. The local grain market continues in strong tone. Especially is this true of wheat and corn, both again advancing yesterday. Track bids, as reported by the secretary of the Board of Trade, ruled as fol-

Wheat stronger; No. 2 red, 751/2c track, 741/2c on milling freight; No. 3 red, 73c track, 74%c January; wagon wheat, 74c.
